Respected colleagues and friends,

Dear members of the rehabilitation team,

European Society of Physical and Rehabilitation Medicine (ESPRM) has decided to cancel all in-person attendance and face-to-face activities at the ESPRM Congress, of September 19th-23rd, 2020 in Belgrade, Serbia in accordance with the safety, health and well-being of all registered attendees, our patients and families, as well as the general public. The decision has been made due to the COVID-19 Corona virus pandemic and in full support of public authorities in Europe and the World in their effort to slow the spread of the disease.

We must stay positive, strong and united more than ever to come through this crisis. Accordingly, the ESPRM Executive Committee, SAPRM in cooperation with the UEMS-PRM Section and Board, the European Academy of Rehabilitation Medicine with the support of the Serbian Academy of Sciences and Arts and the Medical Faculty University of Belgrade, and other international PRM Organizations, including the Cochrane Rehabilitation, the Mediterranean Forum of PRM, the Baltic – Nordic Forum of PRM, the National Societies from Europe, will also participate. It has been decided to organize the 22nd ESPRM Congress as Virtual Congress for September 19th-23rd, 2020 and offer to the community of Physical and Rehabilitation Medicine the possibility for education, scientific news and best practice exchange without leaving home.

Warmest regards,

President of the 22nd ESPRM 2020 Congress

President of ESPRM

ESPRM Executive Committee
